

SPIRITUAL DEVELOPMENT

INTENTIONAL DISCIPLESHIP

WHOLEHEARTED TRANSFORMATION

grow. is a 9-month leadership program designed to equip you as a person of influence. The program is led by a team of people based at Ashfield Farm. The focus of this program is to grow people holistically through teaching, worship, creativity and mission as they pursue the call of God on their lives. This is an opportunity to have a faith adventure, to encounter God and to be transformed.

The grow. program is deeply defined by the concept of family and wholehearted living. In everything, we seek to model something of the community of God, fashioning our relationships, inner thoughts, work, and every word to reflect the beauty and love of God.

grow. is an invitation to step up with intention, step into who God says you are while stepping back in stillness and stepping out into risk and potential. One of the major aspects of the grow. program is to discover more of your true identity, purpose and calling on your life. The program is crafted to give you space to enjoy an environment of creativity, inspiration and challenge away from the clutter of daily life.

grow. is a team of people devoted to the restoration of all things: from our hearts, minds, and bodies extending through to the whole world. We foster this with stewardship by working, creating and nurturing life at the farm. In doing so we join with God in His great dream of seeing all things reflecting His image and likeness.
